Importance

If each of these tasks could get done without any difficulty or cost, which would have the most positive impact?

Smart assistance for medicine

Message alert for closest person

SMS of medicine name

Notify on low amount of medicine

Voice alert by chat bot

Alert on quantity of medicines

Android app for feeding data for alert

Remainder of pills through audio

Medicine rememberance of voice

Mobile application for setting reminder

Web application for user registeration

Application based on health monitring

TIP

Participants can use their cursors to point at where sticky notes should go on the grid. The facilitator can confirm the spot by using the laser pointer holding the **H key** on the keyboard.
